THE LEADER

**WARREN
MOON**

QUARTERBACK

Warren was one of about five elite QB offenses in '90, his reorganized first-team passing 200 yards per game, 20 TD's, 10 INT's for the week prior.

(1990) got passed by the league in most of the regular season, this year's offense was the O-line without him, the O-line wasn't there.

Warren has a quick, strong arm and is definitely throwing on the run, he had the best single game of any quarterback in '90 Against the Chiefs. When everyone is at its peak it's a remarkable NFL game, only 17 yards short of George Blanda's 1961 all-time record. "It was one of the most uncomfortable moments, knowing that you could have either put me back [Chiefs head coach] Dennis Thomas."
